# Angel Sharma

B.Tech Computer Science Student · 3rd Semester · Bhiwani, Haryana
angelsharma12710@gmail.com · LinkedIn: Angel Sharma

## PROFILE

B.Tech Computer Science student interested in software development, programming, and problem-solving. Currently building a strong foundation in computer science through academic learning, practical projects, and hands-on programming.

## EDUCATION

**B.Tech — Computer Science**
TIT&S, Bhiwani · 3rd Semester

**School Education**
Vaish Model Sr. Sec. School, Bhiwani

## TECHNICAL SKILLS

| | |
|---|---|
| Programming | Python, C |
| Core CS | Data Structures, Algorithms, Problem Solving |
| Tools | VS Code |

## PROJECTS

**Restaurant Management System — Python**

Python-based project designed to manage restaurant-related operations through a simple and structured system.

**Tic-Tac-Toe — C**

Console-based game developed in C to practice programming logic, conditions, and game-flow implementation.

**Calculator — Python**

Python project focused on user input, arithmetic operations, and basic program structure.

## RESEARCH & ACADEMIC EXPOSURE

**AI-Driven Assessment with MATLAB/Simulink for Enhanced Learning of Electrical Circuits & Magnetic Machines**
**Role:** Presenter
Academic research presentation exploring AI-driven assessment and MATLAB/Simulink-based learning approaches.

## ACTIVITIES & INVOLVEMENT

- Member — The Orators Society
- Member — Mavericks Society
- NGO involvement
- Plantation Drive
- Anchoring / Event Hosting

## CAREER INTEREST

Interested in internship opportunities and practical experiences involving software development, programming, and real-world problem solving.
